25X1 1. Comment. As compared with the last reported period, coal imports directed through Guben decreased from a daily average of 27 freight cars to one of 43 cars. The report indicates that grain imports from the U.S.S.R. have been resumed. Grain shipments were also observed in Frankfurt/Oder. A total of 20,000 tons of grain is scheduled to be imported in the fourth quarter of 1952.
